Soldier's Photos Wanted

The Officer in charge of the Canadian War Records has asked us to make known to readers that it is desired to compile a complete history in photograph of the Canadians share in the war, in the same way that all other belligerent countries are compiling similar records.

It is particularly desired to obtain photographs of all Officers, N.C.O.'s and Men who served or are now serving in the Overseas Military Forces of Canada, and it is requested that an appeal should be made to this end through these columns.

All Officers and Other Ranks serving Overseas may find it difficult to send in their photographs and their relatives are therefore especially appealed to, to send in their photographs for them.

By preference the photographs should be unmounted and printed on bromide paper in order to ensure permanence. Each photograph should be accompanied by concise record, not exceeding two or three hundred words, of the subjects military career, including date of enlistment, promotion, distinctions and so on, as this will greatly assist in obtaining a full and accurate record of all concerned.

In addition it is desired to collect all photographs dealing with the Mobilization, Training and Departure of Troops together with pictures illustrating Reviews, Sports Presentations etc. Any photograph of this nature is regarded as a document of historical importance, and it is hoped that the possessors of all such photographs will deem it their duty to send either the originals or copies, which will be ultimately placed in the permanent Public Archives of the Dominion.

All photographs, which will be acknowledged, should be addressed to the officer in command Canadian War Records, 14 Clifford St., Bond St., London, W.I., England.

War Time Saving

A General Election at any time means a large expenditure of money, loss of valuable time, hesitancy and slowing up in business and frequently the stirring up of party creeds and racial feeling. For these reasons a general election without the most urgent reason is to be avoided in peace times, when the business of the country is flowing steadily along its usual channels. An election then in war times, in face of disaster on the Italian and Russian fronts, is a national calamity and should be regarded as such by all persons who have the interest of the state at heart.

The political forces of Canada, at the present moment, are divided into two parties—those who support the Government and those who are opposed to it. For the time being at least, the old party lines have disappeared and we may hope and expect that the same principles which led men to prefer their country and its interests to their own interests or those of their party, will lead them to unite and support all other legislation or measures calculated to promote or advance the interests of the country and of the men at the front.

The fewer elections there are in Canada the less disturbance there will be of business, the less waste of energy, of money and of time and the less bitter feeling will be engendered, and the greater opportunity there will be for the country to put forth its whole strength and power in support of the one object. For these reasons the members of both parties and in every constituency might agree on a Unionist candidate who has shown by his record of personal service that he places the interests of country before party and self. By so doing many candidates will be returned by acclamation, and much strife and heart-burning will be avoided.

20% on February 1st, 1918 20% on May 1st, 1918

Plea for Greater Hog Production

Regina, Sask., Nov. 14.—At the sitting of the livestock association here today, J. D. McGregor, of Brandon, representing Food Controller Hanna, gave a short address on using screenings as food for live stock. Mr. McGregor also made a strong plea for increase in hog production.

G. H. Hutton, of the Lacombe Experimental farm, gave an address dealing with the profitable production of pork.

R. J. Phin, M.L.A. for Pipestone considered Saskatchewan was in a better position to produce beef.

A. G. Hawkes assailed the idea of conscripting agriculturists into the combatant army, claiming they were badly needed on the farm.

This evening members of the union were the guests of the Saskatchewan livestock board, the Regina Exhibition association and the Saskatchewan Live Stock association at an informal dinner at the Assiniboia Club. The program following the dinner consisted of a number of addresses by well known stockmen, including Hon. Valentine Winkler, of Manitoba; Hon. W. R. Motherwell, Saskatchewan; Hon. A. Craig, deputy minister of agriculture for Alberta, and Dr. S. F. Tomlin of British Columbia.

EVERYBODY BEING CATALOGUED FOR WAR IN BRITAIN

London, Nov. 14.—Sir A. G. Geddes, minister of national service, in a speech today, said that everybody was being catalogued with a view of having greater human economy for an ultimately successful issue of the war. Recruiting for the army, he added, would be carried out on the basis of occupation rather than on age. The state first of all must draw most heavily from the internal luxury trades, but the older men and married men in less essential trades would have to be incorporated into the army.

PRICE OF FISH FIXED

Winnipeg, Nov. 14.—The price of fish to be paid the fishermen on the lakes of Manitoba for the winter catch of fish has been fixed by the food controller on the advice of the fish commissioner, according to word received by Principal Reynolds, of the agricultural college. The price has been accepted by the fishermen, he said. It provides eight cents per pound for white fish laid down by the fishermen at the nearest railway station; 7 1/2 cents a pound for pickerel and perch, and three cents for gold eyes.

Compulsion the Only Fair Way

Speed in supplying the reinforcements for our fighting units in the very early Spring, when they will be most urgently needed and the present supply exhausted, is the first and most compelling argument for an immediate enforcement of conscription.

We must, however, not overlook the obvious defects of our old voluntary system, some of which have been well stated as follows: "It tends to deplete the country of its most patriotic and self-sacrificing citizens and to leave slackers in possession. It allows men to enlist for the front whose services would be invaluable at home, while others who could easily be spared thrive and fatten by increased wages and profits. It fails to equalize the task of defending our freedom. It fails to bring out the full strength of the country's manhood." We can see all this as we look back. The magnitude of the effort still to be made leaves us no option but to back to the limit the Union Government which is enforcing conscription, the only just method in a democratic country. For, where the citizenship is equal, every citizen is equally responsible for its defence. Delay is fraught with the utmost peril. Every seat carried in the approaching election by a candidate who withholds his absolute support from the Union Government will hearten our enemies. Let the Hun hear the good news of a Fighting Canada backing the Fighting Canadians at the coming election and so hasten the end of the war.

NOTICE

Croup

"I don't think there is a more anxious time for parents than when their children have croup. Without they are prepared with Chamberlain's Cough Remedy they must wait for the doctor and listen to the choking, metallic cough and watch their little one gasping for breath."

You know the great danger of croup is the formation of a false membrane in the larynx, and until this is expelled relief cannot be obtained, and the spasmodic choking continues. Give Chamberlain's Cough Remedy in frequent doses. It will loosen this membrane and cause the child to expel it by sneezing.

Chamberlain's Cough Remedy

Is an absolutely safe and certain remedy for croup, and if given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack."

AUTOINTOXICATION OR SELF-POISONING

The Dangerous Condition
Which Produces Many Well
Known Diseases.

HOW TO GUARD AGAINST THIS TROUBLE

"FRUIT-A-LIVES" — The Wonderful
Fruit Medicines — will Protect You

Auto-intoxication means self-poi-
soning, caused by constipation or partial
constipation, or insufficient action of
the bowels.

Instead of the refuse matter passing
daily from the body, it is absorbed by
the blood. As a result, the Kidneys and
Skin are overworked, in their efforts to
rid the blood of this poisoning.

Poisoning of the blood in this way often
causes Indigestion, Loss of Appetite
and Disturbed Stomach. It may pro-
duce Headaches and Sleeplessness. It
may irritate the Kidneys and bring on
Pain in the Back, Rheumatism, Gout,
and Rheumatic Pains. It is the chief
cause of Eczema—and keeps the whole
system unbalanced by the constant absorp-
tion into the blood of this refuse matter.

"Fruit-a-lives" will always cure Auto-
intoxication or self-poisoning—as
"Fruit-a-lives" acts gently on bowels,
kidneys and skin, strengthens the
bowels and tones up the nervous system.

The Red Cross at present is urgently in need of money to carry on their great work for the boys overseas, and Red Cross Night at the Rex is one of the most enjoyable ways of providing the funds, twenty per cent of the proceeds on that night going to that institution. During the evening Mrs. Himmelwright will sing "Daddy" and will also, with Mrs. Graham, give a duet "Barcarole," from the Tales of Hoffman. Do not miss this treat. Lieut. Oakley Killed

Official notification has been received of the death in action on 30th October of Lieut. Roger P. Oakley, 49th Battalion. Lieut. Oakley enlisted with the 218th Battalion (Irish Guards) and went overseas with them but shortly afterwards transferred to the 49th battalion which has seen hard service of late. He was the second son of Henry Oakley, R. N., retired, of Queenstown, Ireland, and was educated at Cork University. He was married in July 1916 to Miss Bessie McKenty, of Lacombe and leaves a baby boy of five months.

"The Isle O' Dreams" Coming Here

In these days of frothy musical plays and frivolous comedy, it is refreshing to note the return to popularity of romantic plays. The Irish play of the Chauncey Olcott type with its humor and pathos, its beautiful ballads, through all the changes in fashion of plays has never lost its interest, and "The Isle O' Dreams" the greatest of all Olcott's successes, is to be now given an elaborate revival by the United Producing Company, Limited.

This clean, heart-interest comedy drama has a great appeal for young and old. There is just the right mixture of humor and pathos, its beautiful ballads please all music lovers. To hear Julius Vellie, the young actor-singer, render "Mother Machree" which was specially written by Olcott and Ball for this play, is a

rare treat in itself.

There are no adventure of crooks, no drinking scenes, no sex problems, no crude melodrama, no chorus girls, but there is in "The Isle O' Dreams" the cleanest, sweetest story ever told, combined with character acting that is superbly done by a large English cast, of a strength not usually seen outside of the largest cities. In addition to Julius Vellie, such eminent players as Lionel Dunrobin, late leading man with Madame Nazimova; Nosta Kerin de Becker formerly leading woman with Chauncey Olcott; Zenaide Williams, late of Margaret Anglin's company; Hazel Wood, who captivated Canada as the "Angel" in "Freckles"; Will F. Crockett, a student of the late Thos. Keane; and a scenic production of unusual beauty by Edgar McKie, late of Drury Lane.

If you enjoyed "Peg o' My Heart" you will find great pleasure in following the career of the young Irish waif "Ivor" as unfolded in this charming play, coming to the Comet Theatre on Wednesday, Nov. 28th, with identically the same cast as seen in Vancouver, Winnipeg, Toronto, Montreal and leading American cities.

Spruceville News

This week being fine will wind up threshing for this year. Crops have invariably yielded better than anticipated and the quality is also excellent.

J. Kashia and Roy Miller are away north on a moose hunt and don't intend coming back until they each get one.

The annual meeting of Progressive Union will be held at the

home of Mr. and Mrs. W. J. Drader on Tuesday night, the 27th of this month. A full attendance of members is requested. Officers will be elected for the year 1918.

Spruceville—Central

Spruceville and Central Red Cross branches have both started work again, Central turning in 17 pr. of socks in spite of the rush of the harvest. We anticipate large meetings this winter with big results from all the country branches.

Just as the farmers whose sons have not been taken will feel like giving more money to the cause so will the women feel like doing more and more for the boys who, by going willingly have made it possible for these others to stay at home and grow the crops so badly needed. As for those others, whose boys have gone, they need no urging to work or give.
